APPEARANCES:

Shri Lalit Burman, General Secretary, Loyabad Labour Union, P. O. Bansjora, Dist. Manbhum.—*For the Complainants.*
Shri S. K. Bhattacharya, Chief Welfare Officer, M/S. Macneill & Barry Lt., P. O. Disergarh, Dt. Burdwan.—*For the Opposite party.*

(AWARD)

This is a complaint under Section 33A of Industrial Disputes Act.

2. The complainant alleged that they were dismissed by the opposite party on 21st May 1953 during the pendency of Reference No. 6 of 1952 without obtaining the permission of the Tribunal. They therefore filed the present complaint with a request that they should be reinstated with payment of wages etc. from the date of dismissal till reinstatement.

3. The opposite party opposed the application. They contended that the complainants assulted a peon of the colliery while he was on duty at 10 A.M. on 13th April 1953. Charge sheets were issued against them. The management after holding an enquiry found that they were guilty of misconduct and thereupon they dismissed them. It was therefore urged that the complaint should be dismissed.

4. At the hearing before me, the parties produced a compromise, a copy of which is annexed herewith. Under the compromise, the complainants are to be given back their jobs from 29th March 1954. They in turn forego their claim for

wages, compensation etc. from the date of their dismissal till the date of re-e ployment. This period is however to be treated as on leave without pay, that there will not be any break in service. In my opinion, the compromise is fair reasonable.

In the result, I pass an award in terms of the compromise.

AWARD

The Government of India, Ministry of Labour, by its Order No. LR-2 dated 3rd November 1953, has referred for adjudication to this Tribunal the d

between the employers in relation to 831 Mica Mines in Bihar specified in Schedule I annexed to the Order and their workmen regarding the following ten matters :—

(1) Wages.
(2) Scales of Pay.
(3) Dearness Allowance.
(4) Leave with pay.
(5) Attendance Bonus.
(6) Quarterly Bonus.
(7) Retrenchment relief.
(8) Medical facilities.
(9) Housing and grant of house rent.
(10) Free rations.

By subsequent Order of even number dated 27th February 1954, the names of certain mines (which had closed down) were deleted from the Schedule.

2. Notices were issued to the parties. The workmen represented by two recognised unions, namely the Mica Labour Union, and the Abarakh Mazdoor Union, filed their written statements on behalf of the workmen. The Federation of Mica Associations of Bihar filed a written statement on behalf of their members. It may be noted that the Federation represents a large majority of the employers who are parties to this dispute. A few employers sent their individual replies stating that they were not working the mines at present. No other employer has appeared or filed a written statement on merits.

3. Before proceeding further, I may mention that an application was sent to me by the President of the Bihar Mica Mazdoor Sangathan, requesting that his Association be given a chance to represent the workmen. He was asked to file a written statement and to serve a copy thereof on the employers. He was also informed that the question of his Union being entitled to represent the workmen would be considered at the time of hearing. The Union therefore filed a written statement which is almost on the same lines as the written statement of the other two unions. This union however did not serve a copy of the written statement on any of the employers, as directed. When the matter came up for hearing before me on 22nd March 1954, the Vice-President of this Union was present before me. The other parties objected to the appearance of this Union on the ground that it was not a registered one. The Vice-President conceded before me that his union was not a registered one. The matter could not be taken up on that day and was adjourned to 1st April 1954. On that day, no one has appeared on behalf of this Union.

4. At the hearing before me on 1st April 1954, the parties produced a compromise before me. It was signed by the President, the Honorary Secretary and one member of the Federation of Mica Associations of Bihar on behalf of the employers and by the Secretary and General Secretary of the Mica Labour Union and by the General Secretary of the Abarakh Mazdoor Union on behalf of the workmen. I have gone through the terms of this compromise and I am satisfied that it is fair and reasonable to both parties. I am making my award according to the terms of this compromise, but in view of the fact that it is not signed on behalf of all the employers who are parties to this reference and as some of the workers may not be members of the above two unions who have signed the compromise, I proceed to give my reasons in brief for making the award, which, as I said above, is according to the terms of the compromise.

5. (1) *Wages and* (2) *Scales of Pay.*—A reference regarding the Mica industry was made to this Tribunal by the Government of India in 1948 (Reference No. 2 of 1943). Mr. Jeejeebhoy, the then Chairman, gave his award and among other facts, be fixed wages for all categories of workers in this industry. No scales of pay were fixed. This award was to remain in force for one year. On the completion of one year, the parties entered into a compromise, under which the award was extended by another two years. On 14th July 1951, a fresh compromise was entered into between parties under which a general increase of fifteen per cent. in wages was allowed to all categories of workers except in the case of Dharies and Bhaniathis who were given a higher increase and these rates are at present prevalent in the Mica mines. In the written statements, the Unions had preseed for some increase in these wages and also urged for introduction of some scales of pay. Under the compromise, these claims are given up. The wages which are at present in existence are reasonable and do not need any revision at this stage. I also think that looking to the present condition of the

industry, this is not a proper time for introduction of scales of pay. I therefore direct that the rates of wages should continue the same as they are at present.

6. (3) *Dearness Allowance.*—According to the 1948 award, the different workmen were allowed different rates of dearness allowance according to their basic wages. The rates of dearness allowance have remained the same all along; but as the wages were increased in 1951, the dearness allowance has also increased proportionately. The cost of living at present does not justify any increase in the dearness allowance. As a matter of fact, one of the Unions (the Mica Labour Union) had not, even in its written statement, pressed for an increase in the dearness allowance at present. I therefore direct that the rates of dearness allowance should remain the same as before.

7. (4) *Leave with Pay.*—The workmen in this industry get certain leave according to the terms of the agreement between the parties dated 14th July 1951. The period of leave allowed thereunder to the daily rated workers is one day's leave with pay for every 20 days of work on certain conditions. The monthly rated staff are entitled to 20 days privilege leave, 10 days casual leave and seven days sick leave on certain conditions. The Union had asked for more leave for the workmen; but under the compromise, this claim is given up. I think that the period of leave allowed at present is sufficient and hence direct that the period of leave with pay will remain the same as under the agreement of 14th July 1951 (and on the same conditions).

8. (5) *Attendance Bonus* & (6) *Quarterly Bonus.*—These are the two points over which there has been much dispute between the parties. Under the award of 1948, the workmen were given two kinds of bonuses—one was attendance bonus which was to be paid monthly and another was quarterly bonus which was to be paid every quarter. In the case of daily rated workers, the monthly bonus was equal to 20 per cent. of the consolidated wages, provided the workman had worked for 20 days in the month; and the quarterly bonus was half a month's basic wages provided he had worked 45 days underground or 57 days on the surface in the quarter. The monthly rated workers were not entitled to any monthly bonus, but were entitled to a quarterly bonus, equal to half month's basic wages.

9. These rates have remained the same all along both for daily rated and monthly rated workers. But the employers stopped payment of bonus from 1st October 1953 to the daily rated workers. The contention of the employers is that the industry is going through a crisis at present and it is not possible for them to pay any bonus to the workers. The position of the industry was very good in the post war years and the employers urged that the position has now changed and hence they cannot now afford to pay any bonus. In this connection, they also urged that foreign countries have accumulated some reserves during the past years and at present there is not much demand for mica.

10. There appears to be some force in these contentions raised by the employers. At the same time, it is to be remembered that the prosperity of an industry depends not only on the employers but also on the work put in by the workmen. Working in Mica Mines adversely affects the physical health of the workers. It is but fair that the workmen should be given some bonus. It would ensure peace in the industry.

11. As I said above, the representatives of the employers and the representatives of the workmen have entered into a compromise. Under that compromise, the bonuses payable to the daily rated workers are reduced. The monthly bonus is to be 12½ per cent. of consolidated wages instead of 20 per cent. as it used to be so far. Similarly the quarterly bonus is to be equal to seven days basic wages instead of half a month's basic wages. The other conditions of attendance namely 20 days attendance for monthly bonus and attendance for 45 days underground or 57 days on the surface in the case of quarterly bonus remain the same. In my opinion, looking to the present condition of the industry, the above reduction in the rates of the bonuses is justified. I would therefore order that with effect from 1st April 1954, the daily rated workers will get bonus as under:—

Monthly bonus will be equal to 12½ per cent. of the consolidated wages, provided that the worker has put in at least 20 days' work in the month.

The quarterly bonus will be seven days' basic wages, provided the workman concerned has worked for 45 days underground or 57 days on the surface during the quarter.

12. For the period from 1st October 1953 to 31st March 1954, the workmen will be paid monthly bonuses calculated at the above new rates, namely 12½ per cent. of the consolidated wages, provided the workman concerned has put in 20 days'

presence in the particular month. The workmen will however not be given any quarterly bonus for the above period from 1st October 1953 to 31st March 1954. The amount of bonus payable to the workmen for the arrears of monthly bonuses for the above six months should be paid to them within fifteen days of the award becoming enforceable.

13. So far as the monthly paid workers are concerned, the employers agree to continue payment of bonus as before. Actually, they say that payment of bonus has not been stopped, so far as these workers are concerned. I therefore direct that the monthly rated workers will continue to be paid bonus at the same rates as before and that they will be entitled to these bonuses even during the period between 1st October 1953 and 31st March 1954. If any of them has not been paid any bonus during this period, the same should be paid to him within fifteen days of the award becoming enforceable.

14. (7) *Retrenchment Relief.*—In view of the amendment of the Industrial Disputes Act by the Industrial Disputes (Amendment) Act, 1953, which provides for payment of compensation to workmen in case of retrenchment, this claim is not pressed. The workmen will get benefits of the new Act, if and when they are retrenched.

15. (8) *Medical facilities.*—This claim is not pressed. I am told that the Mica Mines Labour Welfare Organisation is making arrangements for providing medical facilities to the workers.

16. (9) *Rousing and grant of house rent.*—Under the previous award, the workmen are entitled to a payment of house rent at the rate of Rs. 4 per month on certain conditions. The Unions demanded that this should be raised to Rs. 6 per month or 10 per cent. of the wages. Under the compromise, however, they do not now press for any increase in the house rent. I think that this rate is reasonable and does not require revision at present. I direct that the workers will be entitled to house rent as before, that is, at Rs. 4 per month on the same conditions as laid down in the previous award. If house rent has not been paid to a workman who was entitled to it during the last six months, the arrears should be paid to him within a week of the award becoming enforceable.

17. (10) *Free Rations.*—Under the award of 1948, every workman was entitled to free rice at the rate of six chattaks per day of attendance or 0-3-0 in cash instead. By the agreement of 14th July 1951, the rate of 0-3-0 was increased to 0-4-0. Thereafter the workmen were entitled to get either six chattaks of rice or 0-4-0 in cash per day of attendance. The employers wanted that this concession should be done away with; under the compromise, they have agreed to continue this concession as before. As the rates of wages are being kept as before, it is but fair that this concession should not be discontinued. I therefore direct that the employers shall pay every workman either six chattaks of rice or 0-4-0 in cash per day of their attendance.

I pass my award accordingly.

In the matter of an Industrial dispute

ORDER

By their order No. LR. 90(154), dated 29th October, 1953, the Central Gove ment referred to me for adjudication a dispute stating it, to be an 'industrial c pute' between the employers in relation to Bharat Fire & General Assurance L New Delhi and their workmen in respect of matters specified in the sched given below:

"whether the termination of the services of Shri A. N. Bose from the N Delhi office of the company was justified and, if not, what re should be granted to him".

Services of Shri A. N. Bose were terminated on 30th May, 1952 while Union which represents his case, through Insurance Employees Federation, formed in July 1952 and registered in September, 1952. After registration

Union was affiliated to the Federation named above. The following preliminary objections had been raised to this reference on behalf of the company.

(a) There was no dispute at the time of the discharge of Shri A. N. Bose;

(b) No Union had taken up his case; and

(c) Dispute was only an individual dispute and not an industrial dispute as defined in section 2(k) of the Industrial Disputes Act and that consequently the Tribunal has no jurisdiction in the matter.

Great stress was laid by the learned counsel for the company on objection No. (c) and my attention, in this connection, was invited to a ruling of the Patna High Court reported as A.I.R. 1953 Patna, p/321, New India Assurance Co. Ltd. *Vs.* the Central Government Industrial Tribunal, in which it was held that an individual dispute is not an industrial dispute as defined in section 2(k) of the Industrial Disputes Act. First of all, the dispute came into existence when a demand relating to his dismissal was made by or on behalf of Shri A. N. Bose and it was denied by the company. The order of reference clearly indicates that the dispute on the basis of the material before it was considered by the Government as an industrial dispute between the workmen and not Shri A. N. Bose alone and the company. Again, the fact that notice of the reference was issued to the Insurance Employee's Federation clearly indicates that the Federation has espoused the cause of Shri A. N. Bose before the reference and had thus brought the dispute within the ambit of an industrial dispute. It was for the company to show that there was no sufficient material before the Government at the time of the reference to form the opinion indicated in the order of reference. But no such evidence was produced by it on that point. Again the case reported as 1953-I. LLJ. p. 757, Swedeshi Cotton Mills Co. Ltd., Kanpur *Vs.* their workmen (Full Bench Decision) is also a clear authority against the objection raised on behalf of the company.

For the reasons given above, I have no hesitation in disallowing the preliminary objections raised on behalf of the company.

as half working days and that for the last 2 or 3 years, ordinary Saturday full working days while the last Saturdays are full holidays. During current year, the Company has also declared 'SALONO' as a holiday, thou is not declared as such under the Negotiable Instruments Act. For the c year, the net result is that the Company has declared 13 days as holidays t they were not so declared under the Negotiable Instruments Act and curta Sikh and Mohammedan festival holidays, though declared as holidays und Negotiable Instruments Act. Thus the workmen have got 5 more holiday the holidays declared under the Negotiable Instruments Act. Moreover No. 22 of the Company clearly shows that the management is competent e curtail the holidays allowed under the Negotiable Instruments Act and als holidays will be allowed only when the state of the work admits of the being closed. It is also significant that last year also all Mohammedan ho were curtailed, and the complaint alleged to have been made by the Union i matter, resulted in nothing. In the previous years also some of the Mohem holidays were curtailed now and then without any objection by the workme

Under the above circumstances, the complaint made by the workmen is all justifiable, especially when there are no Mohammedan or Sikh employ the office of the Company. The complaint has thus no force and conseq it is hereby rejected.

ADJUDICATION

In the matter of an Industrial dispute.

BETWEEN

The employers in relation to the Bharat Fire and General Insurance Co. and their workers.

COMPLAINT UNDER SECTION 33A OF THE INDUSTRIAL DISPUTES ACT.

ORDER

By their Order, dated 29th October, 1953, the Central Government refer me for adjudication an industrial dispute between the employers in relation Bharat Fire and General Insurance Co. Ltd., New Delhi and their workn respect of the matters specified in the schedule given below:

"Whether the termination of the services of Shri A. N. Bose of the Delhi office of the company was justified and, if not, what rel granted to him".

Another dispute of a similar nature was referred to me by an order, date 17th November, 1953 and its terms of reference were,

"Whether the termination of the services of Shri H. P. Mehbubani the New Delhi office of the company was justified and, if not w he should be reinstated.

What relief, if any, should be allowed to him".

Clause 22 of the conditions of the service of the company reads thus:

"Only such holidays will be observed as are allowed under the Nego Instrument Act, unless directed otherwise. Holidays will be a only when the state of work admits of the office being closed'

During the pendency of the above dispute before the Conciliation Officer of the company made an order on the 2nd January, 1953, that as there a Mohammedan workmen in the office of the company no Mohammedan ho will be observed this year

Again during adjudication proceedings of the dispute before me the ma ment on 9th January, 1954, issued a list of holidays omitting the Mohammedan and Sikh holidays, apparently on the ground that there we Mohammedan and Sikh employees in their office. On 11th January, 1954 Madan Mohan, Joint Secretary, Insurance Employees Federation, Delhi mad complaint for and on behalf of the workmen through Insurance Employees ration, Delhi with the allegation that the above curtailment of Mohammeda

Sikh holidays was an unauthorised alteration in the conditions of Service to th prejudice of the workmen contravening the provisions of section 33 of th Industrial Disputes Act and requested the Tribunal for an order that the compan should restore *status-qua* and also to pay double of usual total remuneration f the day to the workmen for each holiday so curtailed till the final orders on th complaint.

Section 33 amended recently reads:

Conditions of service, etc. to remain unchanged during the pendency proceedings.—

During the pendency of any conciliation proceedings or proceedings before Tribunal in respect of any industrial dispute, no employer shall—

(a) alter, to the prejudice of the workmen concerned in such dispute, t conditions of service applicable to them immediately before t commencement of such proceedings; or

(b) discharge or punish, whether by dismissal or otherwise, any workm concerned in such dispute save with the express permission in writi of the conciliation officer, Board or Tribunal as the case may be.

Before the amendment para (b) provided, "Discharge, dismiss or otherwise puni any such workmen, except for misconduct not connected with the dispute".

Two preliminary objections have been raised to the complaint on behalf of t company:

(a) The Joint Secretary, Insurance Employees Federation, who has sign the complaint cannot make a complaint;

(b) The subject matter of adjudication proceedings pending before t Tribunal affect directly a particular person only and the workmen such are not concerned therein.

On 24th January, 1954, Shri Madan Mohan put in Ex. P/1 a document purport to have been signed on 9th January, 1954, by thirty-three workmen of company other than Shri A. N. Bose and Shri H. P. Mehbubani authorising Secretary, Bharat Fire Insurance Employees Union, to file a complaint un Section 33A in connection with the curtailment of holidays. The omission of a mention of any authority in the complaint itself raises a doubt as to its hav been signed by the workmen on 9th January, 1954, but in view of the statement Shri Madan Mohan that it was actually signed by the workmen on 9th Janua 1954, and in the absence of any rebuttal on that point I cannot but hold that complaint should be considered to have been duly filed on behalf of the signato of Ex. p/1. The decision of Labour Appellate Tribunal reported as 1952 LAC. page 23 is also an authority on this point against the company.

As regards objection 2, it is no doubt correct that the workmen on whose half the complaint has been filed are not directly interested, "in the refere pending before the Tribunal" and an award reported as Basic Industries Ltd., their workmen, 1952-II. LLJ. page 235, is an authority in support of the objecti on behalf of the company but it was pointed out by the Labour Appellate Tribu in their decision reported as 1952-I. LLJ, page 628, that the view taken in above award was not correct, and that the expressions used in section 33A 'workmen concerned in such a dispute' and not workmen directly interested such a dispute. Moreover, the dispute in each of these two references is sta as a dispute between the company on one hand and its workmen and not particular workman on the other.

For the above reasons, the two objections raised on behalf of the company disallowed.

It appears that the Company has allowed some increments to their employee and accordingly the workmen do not now press their complaint. The statemen of the Secretary of the workers' Union, in this connection, is as below.

"Certain increments have been allowed to the employees by the Company We for that reason do not now press our present application whic may be treated as withdrawn".

The Management of Kalyani Selected Kargali Colliery, P.O. Bermo, Distric Hazaribagh—*Opposite party.*

APPEARANCES:

Shri Balram Roy, General Secretary, Chotanagpur Coalfield Workers' Union H.O. Kargali, P.O. Bermo, District Hazaribagh—*For the Complainant*

Shri S. S. Mukherjea, B.Sc., B.L., Pleader, Dhanbad—*For the Opposite party*

AWARD

This is a complaint under Section 33A of Industrial Disputes Act.

2. The complainant alleged that he had been illegally and wrongfully dismissed by the opposite party during the pendency of Reference No. 6 of 1952, without the express permission from this Tribunal. He therefore filed the present complaint requesting that proper orders may be passed thereon.

3. By its written statement Exhibit 3, the opposite party contended that the complainant was allowed to proceed on leave from 26th January to 5th February 1953 but he failed to present himself for work on the due date and continued to remain absent. When he was absent sufficiently for a long time without any intimation to the management or without obtaining permission from them, his services were discontinued under the standing orders. It was therefore urged that the management had not acted illegally and the complaint deserved to be dismissed.

4. The complainanat was admittedly working as a Munshi in the Kalyani Selected Kargali Colliery belonging to the opposite party. He has filed this complaint alleging that he was wrongfully dismissed during the pendency of Reference No. 6 of 1952. This reference which related to paid holidays was between 1078 collieries mentioned therein and their workmen. Kalyani Selected Kargali colliery was one of them. It was not disputed before me that the complainant's services were terminated during the pendency of the above reference. It was also not disputed that no permission was obtained from the Tribunal as required by Section 33 of the Industrial Disputes Act.

5. It was however contended that the action of the management was proper and not illegal. It was alleged that the complainant had taken leave from the management from 26th January 1953 to 5th February 1953 and that he failed to present himself for work on the expiry of his leave. Under para 11 of the standing orders, if an employee remained absent beyond the period of his leave originally granted, he would lose his lien on his appointment unless he returned within eight days of the expiry of the leave and gave an explanation to the satisfaction of the Manager of his inability to return before the expiry of leave. This para also lays down that in case he loses his lien of his appointment, he would be entitled to be kept on the badli list. Mr. Mukherjea on behalf of the management argued that as the complainant had over-stayed the period of his leave and as he did not offer any explanation for his absence, he had lost his lien on his

appointment and all that he was entitled to was that his name should be kept on the badli list.

6. I am not satisfied that the complainant remained absent on the expiry of his leave nor I am satisfied that it was because of this that he lost his lien on his appointment. In the written statement, the management have urged that the complainant failed to present himself for work on the expiry of leave and continued to absent from his duties and that he absented himself for sufficiently long time without intimation to the management and hence his services were discontinued under the standing orders. Mr. Singh, the Agent of the Colliery, gave his evidence at Exhibit 15. He stated that the complainant had taken leave from 26th January 1953 to 5th February 1953 but did not rejoin or report for duty on 6th February 1953. He said that the complainant came after some days but he could not say even approximately as to how many days after 6th February 1953 the complainant came to rejoin his duties. He then said that as he had not returned in time, the management refused to allow him to join his duties. He admitted that there was no documentary evidence to show as to what period of leave had been granted to the complainant, or as to when the complainant came back to join his duties. The management maintains attendance registers but the attendance register of the relevant period has not been produced in this case. It would have shown as to for what period leave had been granted to the complainant and it would also have shown whether the complainant returned to duty on the expiry of the leave or not.

7. The complainant's allegation is that he returned from leave in time but he was not allowed to join and ultimately a notice of termination of his services was sent to him on 18th February, 1953. This notice has been produced at Exhibit 6. It mentions that the soft coke quota of the colliery had been cancelled and as the complainant was working in the soft coke manufacturing department, his services were laid off. It further mentions that if the complainant wanted to serve somewhere else, the management would be prepared to give him one month's salary. It is significant to note that this letter does not mention anything about the complainant having overstayed his leave or his having lost his lien because of the same.

8. It may be noted that no intimation of any sort was given to the complainant for his alleged absence beyond the period of leave granted to him nor was he informed that because of this, he had lost his lien on his appointment. Further his name was not kept on the badli list. In the letter of 18th February 1953, the complainant was given a notice of lay off on the ground that they had no soft coke manufacturing work. Nothing was mentioned in this letter about his absence beyond the period of leave or about his having lost his lien. If the complainant had really over-stayed his leave and if the management had decided that the complainant had therefore lost his lien on his appointment, they would have informed him accordingly. In any case, they would not have written a letter like Exhibit 6, about laying off his services nor would they have offered him one month's salary; because if the complainant had already lost his lien due to his own fault, he would not have been entitled to any salary or wages from the management. On the whole, I am not satisfied that the complainant had over-stayed his leave as alleged by the management.

9. I may point out that the case made out by the management in the written statement is materially different from the notice Exhibit 6 given by them. This also would go to show that the allegation of the management that the complainant had over-stayed his leave is not correct.

10. I may mention at this stage that the ground given in the notice Exhibit 6 for laying off the complainant namely the cancellation of the soft coke quota is now no longer in existence, It was admitted before me that soft coke quota was again granted and the management have again started the work of manufacturing soft coke. That being so, that ground is now no longer in existence.

11. The result is that in my opinion, the complainant is entitled to be reinstated. The question then is about his past wages. He was discharged in February on the ground that the management had no work for him became their soft coke quota was cancelled. He did not immediately come before this Tribunal but filed the complaint after four months. I would not allow him any wages for this period. If the management had stated the whole truth and alleged in the written statement that the real ground for terminating the complainant's services was the cancellation of their soft coke quota and the closure of their soft coke department, the matter would have been different; because in such a case, the complainant could have claimed only compensation. The management however

chose to make out a case that the complainant had remained absent without leave etc. which is not true. It would show that the action of the management was not bonafide and they must pay him the wages for the period of his idleness from the date of his filing the present complaint.

In the result, it is ordered that the complainant should be reinstated in his old job. He should also be paid his back wages, dearness allowance, and other benefits as if he was on duty from 17th June, 1953. He will not be entitled to back wages between the period of his discharge to 16th June, 1953 but this period will be treated as on leave without pay and will not constitute a break in his service.

I pass my award accordingly.

2. Sri H. Gopal Rao, P.W.D Supervisor on other duty in the Community Projects, Mangalore, claims to be an Andhra and wants to be allotted to the Govt. of Andhra. He has based his claim on the following grounds:—

(i) He is a native of Hindupur in the Anantapur Dt., and a certificate of nativity has been issued by the Tahsildar, Hindupur.

(ii) He has some of his relatives in Hindupur.

P. T. O.

(iii) Though his mother-tongue is Kannada he knows Telugu and his family domicile is in Hindupur Taluk.

3. It is submitted that the Govt. has decided that a person is an Andhra, if he falls under any of the three categories mentioned in the extract at (N). Sri Gopal Rao states that he comes under Categories (2) and (3) mentioned in the extract at (N). In the circumstances, the Pub (Part^{II}) Dept. may be requested to state, whether Sri Gopal Rao's claim that he is an Andhra is acceptable and if so, whether the Govt. of Andhra may be addressed for their concurrence to take him over as an "allotted officer".

The notes from xx to xx may alone need be read. Sri H. Gopal Rao is working as Supervisor Community Projects, Karwar, South Kanara District. He requests that he may be allotted to the Andhra State. The reasons given by him in support of this request are:-

1) that he is a native of Hindupur Taluk of Anantapur Dt.

2) that some of his relatives are residing there. +

3) his service throughout has been in the Andhra area.

The Supervisor says his mother tongue is Kannada, but he knows Telugu [illegible] ~~Both Kannada and Telugu are also in the list of languages that this officer can be classified as an Andhra~~. The reasons given by him in support of this request and the matriculation certificate produced by him appear convincing. This Dept. may, therefore, advise whether this request may be rejected ~~After orders are passed the file may be returned to P.W.D.~~

Kr 5.12.53.

It be sufficient to classify him as an Andhra. This dept may therefore suggest that P.W.D may address the Andhra Govt for treating him as an Allotted Officer particularly drawing their attention to the matriculation Certificate issued by the Sabordinate Nandyal.

That Govt. however seem to consider that the sanction of the President under Sec. 63(2) of the Andhra State Act 1953 for the allotment of the officer should be obtained and communicated to them, before relieving the officer to join duty under the Govt of Andhra. In other similar cases the procedure followed was that on receipt of the concurrence of the Govt. of Andhra, the officers were relieved to and directed to join duty under the Govt of Andhra and the President's sanction under Sec. 63(2) of the Andhra State Act was also applied for simultaneously.
